Church Services

For those that will be attending Church Services, must follow the procedures that have been established by the church and the CDC. You MUST wear a mask when entering the church and it must be worn the entire time. And you must sanitize your hands if you are not wearing gloves.

If you do not have a release form on file you will be required to complete one before attending church service (The release form indicates that you will not hold Providence Baptist Church responsible if a COVID-19 infection occurs before, during, or after participation in any church hosted or programmed event).

We will also be doing contactless temperature checks of everyone. We are asking those who are ill or displaying symptoms of illness to please stay at home. We will continue having livestream worship service for those who are uncomfortable gathering in person or unable to attend our worship services.
